Dodge, Abigail Johnson. *Around the World Cookbook*. DK Publishing, 2008. ISBN 9780756637446. \$19.99. 128 p.

Reviewer: Gillian Streeter

Reading Level: Primary, Intermediate

Rating: Outstanding

Genre: Informational books;

Subject: Cookery, International--Juvenile literature; Books--Reviews;

Multicultural cookbooks are common in children's literature, but this is one of the few directed at a younger audience. The most impressive part of the book is its detailed sections on food preparation. There are the usual glossaries of terms and equipment, but there is also a section dedicated to proper ingredient handling and basic knife skills. The standard warnings on sharp or hot implements and adult supervision are present, but the text refreshingly assumes the reader will be a full participant in all aspects of the cooking. The index makes finding a particular region or type of recipe very simple to use.

The layout of the cookbook is bright and lively; almost to the point of being busy. Even with the book's busy feel, the author provides a guide to using the book, with a symbol legend and an explanation of the recipes' layouts. Many photos and maps are included and the recipes are organized by region-of-origin. While relatively short compared to other multicultural cookbooks, this would make a wonderful addition to a home, school, or public library.

Volume 29, no.3 (January/February 2009)
