## **FROM THE PRESIDENT**

The October issue of the *Journal of East Asian Libraries (JEAL)* is published midway between Council on East Asian Libraries (CEAL) annual meetings, which means going back in time and then forward. Each of the sections below tries to bring you up to date on the past six months and also let you know what is ahead.

### ***CEAL 2015 Elections***

One of the first announcements of the Chicago meeting was the 2015 CEAL election results. The following new officers and executive board members were elected in March: Treasurer, Xi Chen (University of California-San Diego), Secretary, Adam Lisbon (University of Colorado-Boulder) and two Members-at-Large, Hana Kim (University of British Columbia) and Charles Fosselman (Stanford University). Next spring (2016) we will be electing the following officers: Vice President/President-Elect, Membership Committee Chair, and two Members-at-Large. There will be a call for nominations later this year. Please start thinking about running for election!

### ***CEAL 2015 Annual Meeting***

The 2015 Annual Meeting sessions indicated considerable interest in developments in digital humanities, linked data, and other library technology trends. The post-conference survey results indicated that one of the top reasons people attend CEAL is to acquire such knowledge and practical skills. The other top priority is to network with colleagues. These survey responses will help the CEAL Executive Board in planning for the 2016 Annual Meeting in Seattle. The survey results also reminded the CEAL board that early notification of conference workshops and events is crucial. The Executive Board will be mindful of this as the planning for next year's conference proceeds.

### ***Mellon Foundation-CEAL Innovation Grant for East Asian Librarians***

In late spring, the first two winners in the Innovation Grant Program were announced:

#### *Duke University Libraries*

Project Lead: Luo Zhou, Chinese Studies Librarian, for "The Memory Project." Grant funds will be used primarily for the arrangement, description, and reformatting of over 1,000 interviews constituting an oral history of the Great Famine in post-Revolution rural China.

#### *The Sheridan Libraries, Johns Hopkins University*

Project Lead: Yunshan Ye, Librarian for East Asian Studies, for "Blogging and Microblogging: Preserving Non-Official Voices in China's Anti-Corruption Campaign." Web content related to the Anti-Corruption campaign in contemporary China will be the focus of this digital archiving effort.

The second round of Innovation Grants will be open to CEAL members in January 2016. The deadline for proposals (in an amount *up to* \$100,000) will be March 1. Please think about developing a proposal for submission next year!
