The series, *Monographs of the Western North American Naturalist*, is published on an ad hoc basis by Brigham Young University. We solicit unpublished manuscripts that further our biological understanding of western North America, including western Canada and all of Mexico; all manuscripts receive peer reviews. In accepting manuscripts, we place neither restriction nor preference on disciplines within the biological sciences. However, both subject matter and manuscript length are subject to approval of the editor and editorial board. Questions concerning manuscripts or proposed research topics should be addressed to the editor.

Manuscript Submission. See *Information for Authors* on the inside back cover.

Editorial Production. Michelle Lyons and Cherie Stewart

Manuscript Supervision. Sadie Lowry and Morgan Baker
