## CONTENTS

PREFACE .....	1
INTRODUCTION .....	3
BIOLOGICAL ACTIVITIES .....	4
Ecological Niche .....	4
Host Specificity .....	4
Host Selection and Dispersal .....	4
Climate .....	5
Hibernation and Estivation .....	6
Ecological Specialization .....	8
Food and Feeding Habits .....	8
Galleries .....	10
Gallery Patterns .....	13
Social Organization .....	13
Seasonal History and Development .....	16
Pheromones .....	18
ECONOMIC LOSSES .....	20
Ecological Role in a Primeval Forest .....	20
Host Susceptibility to Attack .....	20
Competition for Food .....	21
Relation to Fire, Slash, and Natural Disasters .....	22
Relationships with Fungi and Disease .....	23
Introduced Species .....	25
Control .....	27
Losses Attributed to Scolytidae .....	27
Natural Control .....	28
Applied Control .....	30
CLASSIFICATION .....	33
History .....	33
Taxonomic Position of Scolytidae .....	33
Key to the Families of Curculionoidea .....	35
Family Status of Scolytidae .....	36
Fossil History .....	37
Discussion of Characters .....	39
Phylogeny .....	41
BIOGEOGRAPHY .....	44
Extraterritorial Affinities .....	44
American Biogeography .....	50
Origin of Tribes .....	51
METHODS .....	53
SYSTEMATIC SECTION .....	54
Family Scolytidae .....	54
Key to Subfamilies, Tribes, and Genera .....	56
Subfamily Hylesininae .....	78
Tribe Hylastini .....	79
Tribe Hylesinini .....	108
Tribe Tomicini .....	129
Tribe Phrixosomini .....	204
Tribe Bothrosternini .....	208

Tribe Phloeotribini .....	256
Tribe Phloeosinini .....	282
Tribe Hypoborini .....	348
Tribe Polygraphini .....	369
Subfamily Scolytinae .....	392
Tribe Scolytini .....	393
Tribe Ctenophorini .....	451
Tribe Micracini .....	510
Tribe Cactopinini .....	637
Tribe Ipinini .....	649
Tribe Dryocoetini .....	706
Tribe Crypturgini .....	740
Tribe Xyloterini .....	745
Tribe Xyleborini .....	755
Tribe Cryphalini .....	850
Tribe Corthylini: Pityophthorina .....	916
Tribe Corthylini: Corthylina .....	1155
