

## Own this Pioneering Microcredit Documentary Today.

**S**mall Fortunes: Microcredit and the Future of Poverty is available on DVD with new bonus features. This full-length documentary explores microcredit as a growing answer to poverty. Microentrepreneurs from around the world tell their own stories, while microfinance leaders share perspectives about what is working and the importance of this tool in the fight against poverty.

### New bonus features on the DVD include:

- Additional interview footage with 2006 Nobel Peace Prize Laureate Muhammad Yunus
- Individual, easily viewed profiles of microcredit borrowers
- Exclusive interviews with founding microcredit professionals about challenges and developments in microfinance

Share the DVD with colleagues, nonprofits, businesses, or students.
