Jussi Björling Society-USA

Our latest Books and CDs—perfect for gifts for Björling-appreciative friends (or yourself).

BOOKS (very limited quantities!)

A JUSSI BJÖRLING PHONOGRAPHY by Harald Henrysson. 309-page, 3rd Edition of Jussi's recordings and their CD and DVD issues. The book lists all Björling recordings today known to be preserved. It seems unlikely that many more will be found. Nine live recordings have been added since the 2nd edition (1993). Information about some of the earlier known ones is now more complete. Includes information about 1328 issues on CD and 21 on DVD (unlike the 2nd edition, sleeve titles are retained after the numbers also in the chronological part, making the issues easier to identify). Detailed index is included, as well as a list of music in Jussi's concert repertoire of which no recordings are known.

JUSSI by Jacob Forsell, Harald Henrysson and Bjorn Ranelid (a richly illustrated picture-portrait of the life and career of Jussi Björling. This splendid book, previously sold at \$75 US (plus postage) is now available to members in the continental US for only \$50, postpaid. The enclosed CD-ROM contains Jussi's complete chronology in both Swedish and English. This unique resource has not been published anywhere else. The book is published in Swedish, but a translation of the picture captions is available on the JBS web site as a PDF and can be printed off to accompany the book.
