## TO OUR READERS:

The Foundation for Ancient Research and Mormon Studies (FARMS) encourages and supports research about the Book of Mormon, Another Testament of Jesus Christ, and other ancient scriptures.

FARMS is a nonprofit educational foundation, independent of all other organizations. Its main research interests include ancient history, language, literature, culture, geography, politics, and law relevant to the scriptures. Although such subjects are of secondary importance when compared with the spiritual and eternal messages of the scriptures, solid research and academic perspectives alone can supply certain kinds of useful information, even if only tentatively, concerning many significant and interesting questions about the scriptures.

It is hoped that this information will help all interested people to “come unto Christ” (Jacob 1:7) and to understand and take more seriously these ancient witnesses of the atonement of Jesus Christ, the Son of God.

The principal purpose of the *FARMS Review of Books* is to help serious readers make informed choices and judgments about books published, primarily on the Book of Mormon. The evaluations are intended to encourage reliable scholarship on the Book of Mormon.

Reviews are written by invitation. Any person interested in writing a review should first contact the editor. Style guidelines will be sent to the reviewers.

The opinions expressed in these reviews are those of the reviewers. They do not necessarily represent the opinions of the Foundation for Ancient Research and Mormon Studies or its editors, of The Church of Jesus Christ of Latter-day Saints, or of the reviewers' employers. The reviews or any portion of them may not be used in advertising or for any other commercial purpose, without the express written permission of the Foundation for Ancient Research and Mormon Studies.

*FARMS Review of Books*  
(formerly *Review of Books on the Book of Mormon*)

is published semiannually.
