# Appendix

## GENEALOGICAL CHARTS

Vol. IV, *Dorlikon*, pp. II-XX

In order to unburden the text from genealogical dates and explanations, they have been collected in this appendix. Some families as well as some single persons have been listed, those who emigrated are underlined, and the following signs have been used:

- \* = born;
- ~ = christened;
- ∞ = married;
- + = died or buried; followed by a date.

However, as many children died at an early age and were not registered in the parish books of the deceased in the 17<sup>th</sup> century, we mark + only to indicate that a child died shortly after birth or at an early age. Where no place is noted after an exact date, it is Dorlikon.
