COMMITTEE ACTIVITIES

Activities of the Subcommittee on Japanese Materials

In October 1984 the Subcommittee on Japanese Materials mailed out ninety-eight circular letters to CEAL member librarians working with Japanese materials. The purpose was to solicit their opinions and suggestions to use as a guide for assessing the needs and priorities for future activities of this subcommittee.

By the end of 1984 thirty responses were received, twenty-two written and eight called in. All the responses were positive, thoughtful and constructive. A brief report concerning the results of these responses will be given at the 1985 CEAL meeting.
