Junction City to Denmark A BOYHOOD JOURNEY

By Visti Favrholt

Junction City to Denmark is a scintillating account of a boyhood that nurtured loyalties bound in dreams and aspirations, and fired by real and imaginary conflicts. In clear and poignant passages, the author leads us through transitions in life that confront us all. Keys to this adventure are found in letters, fortunately saved, real life gems that sparkle with an amazing range of insights. At times, the language is reminiscent of Mark Twain's Tom or Huck. And, simultaneously, mature concerns emerge in a powerful descriptive sweep that carries us between two small towns in two different countries. This is one journey worth traveling.
