TO OUR READERS

The Foundation for Ancient Research and Mormon Studies (FARMS) encourages and supports research about the Book of Mormon: Another Testament of Jesus Christ and other ancient scriptures. It also works to preserve ancient religious documents.

FARMS is a nonprofit educational foundation affiliated with Brigham Young University. Its main research interests include ancient history, language, literature, culture, geography politics, and law relevant to the scriptures. Although such subjects are of secondary importance when compared with the spiritual and eternal messages of the scriptures, solid research and academic perspectives alone can supply certain kinds of useful information, even if only tentatively, concerning many significant and interesting questions about the scriptures.

The Foundation works to make interim and final reports about this research available widely, promptly, and economically. These publications are peer reviewed to ensure scholarly standards are met. The proceeds from the sale of these publications, including most royalties, are used to support further research and publications on the scriptures. As a service to teachers and students of the scriptures, research results are distributed in both scholarly and popular formats.

It is hoped that this information will help all interested people to “come unto Christ” (Jacob 1:7) and to understand and take more seriously these ancient witnesses of the atonement of Jesus Christ, the Son of God.

The principal purpose of the *FARMS Review of Books* is to help serious readers make informed choices and judgments about books published, primarily on the Book of Mormon. The evaluations are intended to encourage reliable scholarship on the Book of Mormon.

Reviews are written by invitation. Any person interested in writing a review should first contact the editor. Style guidelines will be sent to the reviewers.

The opinions expressed in these reviews are those of the reviewers. They do not necessarily represent the opinions of the Foundation for Ancient Research and Mormon Studies, its editors, Brigham Young University, the Church of Jesus Christ of Latter-day Saints, or the reviewers' employers. No portion of the reviews may be used in advertising or for any other commercial purpose without the express written permission of the Foundation for Ancient Research and Mormon Studies.

FARMS Review of Books is published semiannually.
