### Recommended Citation

(1980) "End Matter, Vol. 40 No. 4," *Great Basin Naturalist*. Vol. 40 : No. 4 , Article 15.

Available at: <https://scholarsarchive.byu.edu/gbn/vol40/iss4/15>

This End Matter is brought to you for free and open access by the Western North American Naturalist Publications at BYU ScholarsArchive. It has been accepted for inclusion in Great Basin Naturalist by an authorized editor of BYU ScholarsArchive. For more information, please contact [scholarsarchive@byu.edu](mailto:scholarsarchive@byu.edu), [ellen\\_amatangelo@byu.edu](mailto:ellen_amatangelo@byu.edu).

## NOTICE TO CONTRIBUTORS

Original manuscripts in English pertaining to the biological natural history of western North America and intended for publication in the *Great Basin Naturalist* should be directed to Brigham Young University, Stephen L. Wood, Editor, *Great Basin Naturalist*, Provo, Utah 84602. Those intended for the *Great Basin Naturalist Memoirs* should be similarly directed, but these manuscripts are not encumbered by a geographical restriction.

*Manuscripts.* Two copies of manuscripts are required. They should be typewritten, double spaced throughout on one side of the paper, with margins of at least one inch on all sides. Use a recent issue of either journal as a format, and the *Council of Biology Editors Style Manual, Third Edition* (AIBS 1972) in preparing the manuscript. An abstract, about 3 percent as long as the text, but not exceeding 200 words, written in accordance with Biological Abstracts guidelines, should precede the introductory paragraph of each article. Authors may recommend one or two reviewers for their article. All manuscripts receive a critical peer review by specialists in the subject area of the manuscript under consideration.

Manuscripts that are accepted and that are less than 100 printed pages in length will automatically be assigned to the *Great Basin Naturalist*. Those manuscripts larger than 100 printed pages in length will be considered for the *Memoirs* series.

*Illustrations and Tables.* All illustrations and tables should be made with a view toward having them appear within the limits of the printed page. Illustrations that form part of an article should accompany the manuscript. Illustrations should be prepared for reduction by the printer to either single-column (2 $\frac{3}{8}$  inches) or double-column (5 $\frac{1}{2}$  inches) width, with the length not exceeding 7 $\frac{1}{2}$  inches.

*Costs Borne by Contributor.* Contributors to the *Great Basin Naturalist* should be prepared to donate from \$10 to \$30 per printed page toward publication of their article (in addition to reprint costs outlined in the schedule below). Authors publishing in the *Great Basin Naturalist Memoirs* may be expected to contribute \$35 per printed page in addition to the cost of the printed copies they purchase. No printed copies are furnished free of charge. A price list for reprints and an order form are sent with the galley proofs to contributors.

### Reprint Schedule of the *Great Basin Naturalist*

	2 pp.	4 pp.	6 pp.	8 pp.	10 pp.	12 pp.	Each additional
100 copies	\$20	\$24	\$28	\$32	\$36	\$40	
200 copies	28	32	36	40	44	48	2 pp.
300 copies	36	40	44	48	52	56	\$4

### *Great Basin Naturalist Memoirs*

- No. 1 The birds of Utah. By C. L. Hayward, C. Cottam, A. M. Woodbury, H. H. Frost. \$10.
- No. 2. Intermountain biogeography: a symposium. By K. T. Harper, J. L. Reveal et al. \$15.
- No. 3. The endangered species: a symposium. \$6.
- No. 4 Soil-plant-animal relationships bearing on revegetation and land reclamation in Nevada deserts. \$6.
- No. 5 Utah Lake monograph. \$8.

TABLE OF CONTENTS

Impact of the 1975 Wallsburg fire on antelope bitterbrush ( <i>Purshia tridentata</i> ). Fred J. Wagstaff .....	299
Terrestrial vertebrate fauna of the Kaiparowits Basin. N. Duane Atwood, Clyde L. Pritchett, Richard D. Porter, and Benjamin W. Wood .....	303
A new species of fossil <i>Chrysothamnus</i> (Asteraceae) from New Mexico. Loran C. Anderson .....	351
New American bark beetles (Coleoptera: Scolytidae), with two recently introduced species. Stephen L. Wood .....	353
Field observations on the response of the Railroad Valley springfish ( <i>Crenichthys nevadae</i> ) to temperature. Thomas M. Baugh and Bruce G. Brown .....	359
Woodrat nest flea <i>Anoniopsyllus amphibolus</i> in southeastern Oregon. Harold J. Egoscue .....	361
Postemergence development and interyear residence of juvenile Columbian ground squirrels in the Idaho primitive area. Charles L. Elliott and Jerran T. Flinders .....	362
Flood frequency and the assemblage of dispersal types in hanging gardens of the Narrows, Zion National Park, Utah. George P. Malanson and Jeanne Kay .....	365
Zonation patterns in the potholes of Kalsow Prairie, Iowa. Jack D. Brotherson .....	372
Plants of Angel Island, Marin County, California. J. D. Ripley .....	385
Additions to the vascular flora of Teton County, Wyoming. Ronald L. Hartman and Robert W. Lichvar .....	408
Index to Volume 40 .....	414
