### Recommended Citation

(1985) "End Matter, Vol. 45 No. 4," *Great Basin Naturalist*: Vol. 45 : No. 4 , Article 19.  
Available at: <https://scholarsarchive.byu.edu/gbn/vol45/iss4/19>

This End Matter is brought to you for free and open access by the Western North American Naturalist Publications at BYU ScholarsArchive. It has been accepted for inclusion in Great Basin Naturalist by an authorized editor of BYU ScholarsArchive. For more information, please contact [scholarsarchive@byu.edu](mailto:scholarsarchive@byu.edu), [ellen\\_amatangelo@byu.edu](mailto:ellen_amatangelo@byu.edu).

## NOTICE TO CONTRIBUTORS

Manuscripts intended for publication in the *Great Basin Naturalist* or *Great Basin Naturalist Memoirs* must meet the criteria outlined in paragraph one on the inside front cover. They should be directed to Brigham Young University, Stephen L. Wood, Editor, Great Basin Naturalist, 290 Life Science Museum, Provo, Utah 84602. Three copies of the manuscript are required. They should be typewritten, double spaced throughout on one side of the paper, with margins of at least one inch on all sides. Use a recent issue of either journal as a format, and the *Council of Biology Editors Style Manual, Fourth Edition* (AIBS 1978) in preparing the manuscript. An abstract, about 3 percent as long as the text, but not exceeding 200 words, written in accordance with *Biological Abstracts* guidelines, should precede the introductory paragraph of each article.

All manuscripts receive a critical peer review by specialists in the subject area of the manuscript under consideration. Authors may recommend one or two reviewers for their article.

Accepted manuscripts less than 100 printed pages in length will automatically be assigned to the *Great Basin Naturalist*. Those larger than 100 printed pages will be considered for the *Memoirs* series.

*Illustrations and Tables.* All illustrations and tables should be made with a view toward having them appear within the limits of the printed page. The original illustrations or glossy photoprints of them should accompany the manuscript. Illustrations should be prepared for reduction by the printer to either single-column ( $2\frac{3}{8}$  inches) or double-column ( $5\frac{1}{2}$  inches) width, with the length not exceeding  $7\frac{1}{2}$  inches.

*Costs Borne by Contributor.* Contributors to the *Great Basin Naturalist* should be prepared to donate from \$10 to \$40 per printed page toward publication of their article (in addition to reprint costs). Excessive or complex tables requiring typesetting may be charged to the author at cost. Authors publishing in the *Great Basin Naturalist Memoirs* may be expected to contribute \$40 per printed page in addition to the cost of the printed copies they purchase. No reprints are furnished free of charge.

### Reprint Schedule for the *Great Basin Naturalist*

100 copies, minimum cost for 2 pages, \$26.

Each additional 2 pages, \$6.

Each additional 100 copies, \$4 for each 2 pages.

Examples: 300 copies of 10 pages = \$82; 200 copies of 13 pages = \$86.

### *Great Basin Naturalist Memoirs*

No. 1 The birds of Utah. By C. L. Hayward, C. Cottam, A. M. Woodbury, H. H. Frost. \$10.

No. 2 Intermountain biogeography: a symposium. By K. T. Harper, J. L. Reveal et al. \$15.

No. 3 The endangered species: a symposium. \$6.

No. 4 Soil-plant-animal relationships bearing on revegetation and land reclamation in Nevada deserts. \$6.

No. 5 Utah Lake monograph. \$8.

No. 6 The bark and ambrosia beetles of North and Central America (Coleoptera: Scolytidae), a taxonomic monograph. \$60.

No. 7 Biology of desert rodents. \$8.

TABLE OF CONTENTS

Life history of the cui-ui, <i>Chasmistes cujus</i> Cope, in Pyramid Lake, Nevada: a review. William F. Sigler, Steven Vigg, and Mimi Bres. . . . .	571
Helminth parasites of the white-tailed jackrabbit, <i>Lepus townsendi</i> , from northwestern Colorado and southern Wyoming. Larry M. Shults and Lora G. Rickard. . . . .	604
Thermal ecology and activity patterns of the short-horned lizard ( <i>Phrynosoma douglassi</i> ) and the sagebrush lizard ( <i>Sceloporus graciosus</i> ) in southeastern Idaho. Craig Guyer and Allan D. Linder. . . . .	607
Snakes of western Chihuahua. Wilmer W. Tanner. . . . .	615
Electrophoretic study of cutthroat trout populations in Utah. Mark A. Martin, Dennis K. Shiozawa, Eric J. Loudenslager, and J. Neil Jensen. . . . .	677
Sexual selection and mating system variation in anuran amphibians of the Arizona-Sonoran Desert. Brian K. Sullivan. . . . .	688
Three new sauropod dinosaurs from the Upper Jurassic of Colorado. James A. Jensen. . . . .	697
Uncompahgre dinosaur fauna: a preliminary report. James A. Jensen. . . . .	710
Food habits and dietary overlap of nongame insectivorous fishes in Flint Creek, Oklahoma, a western Ozark foothills stream. C. Stan Todd and Kenneth W. Stewart. . . . .	721
Checklist of vascular plants for the Bighorn Canyon National Recreation Area. Robert W. Lichvar, Ellen I. Collins, and Dennis H. Knight. . . . .	734
Presettlement vegetation of part of northwestern Moffat County, Colorado, described from remnants. William L. Baker and Susan C. Kennedy. . . . .	747
Winter preference, nutritive value, and other range use characteristics of <i>Kochia prostrata</i> (L.) Schrad. James N. Davis and Bruce L. Welch. . . . .	778
Age, growth, and food habits of tui chub, <i>Gila bicolor</i> , in Walker Lake, Nevada. James J. Cooper. . . . .	784
New variety of <i>Yucca harrimaniae</i> (Agavaceae) from Utah. Elizabeth Neese and Stanley L. Welsh. . . . .	789
Revision of the <i>Phlox austromontana</i> (Polemoniaceae) complex in Utah. Stanley L. Welsh. . . . .	791
Index. . . . .	793
