Spring 2001

## Content Note

The index is for the Utah Construction Company/ Utah International Collection (MS 100). The items in the index are listed alphabetically by project, subject, and sub-topics. Most items are cross-referenced under several subjects. For example, one can find Hoover Dam under Dams and Hoover Dam. The box number and series number corresponded in the collection are listed following the categories. Upon locating the box, the researcher should look for the series number on the folder.
