Good afternoon,

I manage ScholarsArchive, BYU’s Institutional Repository. One of our faculty members, Timothy Smith, would like to upload an article that was published in College Student Journal:

I couldn’t find any information in SHERPA/RoMEO or on your website about your policies regarding self-archiving in an Institutional Repository. So, I’m writing to ask permission. If permission is given, which version can we upload: final publisher’s? Post-print? Or Pre-print?

Thank you for your time, I appreciate it!

Mandy
