Fantastic Fidget Spinners is a fun guidebook featuring the popular toy that has become a sensation across the nation. This book is ninety-five pages of all things fidget spinner. It begins with a basic introduction for those who aren't as familiar with these gadgets and ends with a section on new types of spinners and even ideas for building your own fidget device. The most exciting part of this book, however, is the list of challenging tricks that all fidget spinner fans will love to try. The tricks vary in difficulty from basic to epic to ultimate so there is bound to be a trick for everyone to try.

Fantastic Fidget Spinners is a book that a variety of ages will enjoy. Fidget spinners are well accepted by young, elementary-aged children as well as teens and even adults. Parents will also enjoy trying to perform the tricks in this book with their children. This book is well organized and designed, and it is interesting and very unique. The instructions for the tricks are clear and precise and easy to understand. The illustrations are also helpful when trying to master a certain trick. The added information about fidget spinners provides an extra element to the book that readers will absolutely enjoy. Fantastic Fidget Spinners will provide hours of entertainment and fun to its readers.
