Book Review

Wed Wabbit

Fidge is excited to go on vacation with her mother and sister, but she needs swimming fins for the trip. On the day before they leave, Fidge becomes increasingly irritated with her mother and younger sister, Minnie, who wile away the time until it is too late to get her fins. Angry, Fidge accidentally kicks her sister’s favorite toy, Wed Wabbit, into the street and Minnie runs after it. While her mother waits with Minnie to come out of her coma in the hospital, Fidge is sent to stay with her aunt and uncle and her odious cousin. In a mighty lightning strike, Fidge and her whiny cousin are sent to the land of the Wimbly Woos where she must cooperate with her cousin and her sister’s favorite toys to bring Wed Wabbit back to Minnie and rescue the kingdom.

Really great story with excellent plot twists and an amazing wimbly world that rhymes. The character of Fidge is well sculpted and very relatable, even when she is feeling irascible. So is the personality of her over-indulged cousin. The characters of both children grow in realistic ways as they advance through the story and connect with other characters and surprisingly overcome their differences to become best friends. Comparable to The Wizard of Oz, Alice in Wonderland, and the Narnia series this is a very well developed tale of adventure in a fantasy world that all will enjoy and read again and again.

*Contains mild violence.
