## Book Review

# Incredible Sports Trivia: Fun Facts and Quizzes

Incredible Sports Trivia Fun Facts and Quizzes addresses several sports and is filled with fun facts about the activities. For instance, readers will learn that Michael Phelps has taken home twenty-three gold medals, which is more than most countries have in their entirety. Readers will also find ‘famous firsts’ among the pages, such as Tom Morris, the first ever golfer to hit a hole-in-one. The pages are filled with trivia and fun facts that all sports lovers will enjoy.

This book is filled with color and excitement popping off the pages. There is a lot on the cover, but everything is placed strategically that it isn’t too overwhelming. Text is spread all over the pages and pictures are found in different spots on each page. There is a lack of quality of pictures on some pages. The pictures are found from free online sources and are not taken or made specifically for this book, so the book looks a bit less professional than others. The book is aesthetically pleasing, but not as professional as most picture books.
