Crafty children will love this creative paper art book. There are six pop-up art projects included that will provide hours of fun for young creators. Unique cards and one-of-a-kind pieces of art are featured in this crafter's dream. Though the projects look challenging, the step-by-step instructions make these artistic masterpieces something that elementary-aged children and even their parents and teachers will want to try.

The clear and concise supply list, instructions, and photographs make the projects in this book achievable by many. The colorful artwork is eye-catching, cheerful, and inspiring. The project ideas are unique and fresh and provide a wonderful creative outlet for young artists. Although this book is geared toward younger children, parents and older siblings would enjoy it as well as they help their child creator make these beautiful projects.
