Book Review

Warriors: The Ultimate Guide

Fans of the Warriors series will love this essential guidebook. The various cat clans are represented well in this collector's copy, and many of the popular warriors are showcased with full color illustrations. Information galore is found in the pages of this cat-tastic book. From the cute to the creepy to the cunning, each cat has its own special characteristics to share.

This ultimate Warriors collection is a must for feline fans that love the fantasy genre. The book is sturdy and well made for frequent glimpses at one's favorite warrior cat. There is also a surprise gift included with this book, as the jacket doubles as a poster. The cat illustrations are wonderful and the map section is also a welcome addition to the guidebook. Middle grade and young adult readers will be amazed by this creative collection of cats.
