Book Review

The Magic of Mary Poppins

It's always a jolly holiday with Mary! In the new film *Mary Poppins Returns*, the beloved nanny is back to take care of Michael Banks's children. This book is an adaptation of the new *Mary Poppins* sequel and is complete with many pages of full color photographs. Each page and photograph depicts a scene from the movie and reminds readers just why *Mary Poppins* is the world's best nanny.

The *Magic of Mary Poppins* is a short and sweet read that little ones will love. The cover art and photographs are bright, eye-catching, and colorful. This book is a simple and straightforward adaptation of the corresponding film. It is accurately depicted and easily comprehended. This story is new and fresh and *Mary's* magic is just as special as it was when her story began.
