Book Review

A World of Kindness

Would you like to live in a world that is kind? Learn how to be kind through this colorful book. See how you can help an older person or protect a younger person as you play together. Everyone can show kindness. It could be by sharing something that is special or befriending someone new. If everyone showed a little kindness, the world would become a world of kindness.

Being kind is something that anyone is capable of, no matter what their circumstances are. This book illustrates small acts of kindness such as sharing a bike with another, petting a cat, or even just saying please and thank you. With each page illustrated by a different artist, the reader can enjoy many different ways of looking at the world, and this subtly shows how each person is unique as they share a kind act. Each page tells a story of kindness that can spark conversation for young readers about how they can show kindness in their own lives.
