Penny & Jelly: Slumber Under the Stars

Penny and Jelly are so excited for the sleepover under the stars at the recreation center! The only problem is that pets are not allowed, so that means Jelly can't go. Penny tries to make different kinds of Jelly, like a Jelly made of yarn, one of clay, and one of paper, but none of them are right. Penny is about to leave for the sleepover under the stars but finds it hard to leave Jelly. But then she comes up with a great idea. She invites her friends, both human and animal, to come have a slumber party under the stars at her house! Everyone comes over with their animal friends and they have a great time.

What a sweet book about friendship and perseverance! As Penny prepares to go to the sleepover, she realizes that being with her friend is more important. Penny is a sweet little girl who is easy to connect to. Young readers who love dogs will relate to her easily. The illustration are fun, colorful, and add depth and emotion to the story. Overall, this book will keep young readers engaged as they read about how Penny solves her problem.
