

# Learner Review Instructions

Thank you for participating in this review session. Your feedback will provide valuable insight that will help make instruction and assessment better for other students, and possibly even you!

Please be aware that we are testing the assignment, not you. So don't feel bad or flustered if you don't understand something - just let us know! This session will last approximately **30 minutes**.

Please complete the following steps:

1. **(About 5 minutes)** Read through **Artifact A: Badge Requirements** carefully. Use the yellow highlighter to mark any instructions that are confusing to you. This may include words you don't understand, wording that is confusing to you, or anything that makes it unclear what you are to do to complete the badge. As much as possible, use a pen to leave comments in the margin that explain your confusion.
2. **(About 20 minutes)** In **Artifact B: Badge Guide**, do the following:
  - a. Skim the Table of Contents and highlight the headings that seem most relevant, valuable, or interesting to you as an educator.
  - b. Begin reading through the sections of the guide that you identified as most interesting in step a. If you encounter a video, enter the provided URL into a browser on your computer or phone and watch it. As you read, highlight things that are confusing or interesting, and write a brief note in the margin explaining your confusion/interest.
3. **(About 5 minutes)** When about 5 minutes remain of the session, complete the Learner Review Survey. You can access the survey at <https://goo.gl/7YSba8> and it can be completed on any device that can access the Internet.
