Taking Off with Nonfiction

It's the best kept secret of the eighties—nonfiction books are exciting. Rapidly shedding their drab past, recent nonfiction titles provide a gripping reading experience as well as offering facts and information. Current authors present new subjects, and new treatments of old subjects, in a way that makes today's reader stand up and take notice.

Inside Information: Taking Off with Nonfiction brings to you the latest and the best titles and techniques from nationally acclaimed authors, critics, and publishers.
