GREAT BASIN NATURALIST MEMOIRS SERIES

The Great Basin Naturalist Memoirs series was established in 1976 for scholarly works in biological natural history of greater length than can be accommodated in the Great Basin Naturalist. The Memoirs series appears irregularly. Approval for the production is the responsibility of the Great Basin Naturalist Editorial Board. Information concerning the production of the Memoirs series can be obtained from James R. Barnes, Editor, Great Basin Naturalist, 290 MLBM, Brigham Young University, Provo, UT 84602.

INFORMATION FOR AUTHORS

The Great Basin Naturalist welcomes previously unpublished manuscripts pertaining to the biological natural history of western North America. Preference will be given to concise manuscripts of up to 12,000 words.

MANUSCRIPTS SHOULD BE SUBMITTED to James R. Barnes, Editor, Great Basin Naturalist, 290 MLBM, Brigham Young University, Provo, Utah 84602. A cover letter accompanying the manuscript must include phone number(s) of the author submitting the manuscript; it must also provide information describing the extent to which data, text, or illustrations have been used in other papers or books that are published, in press, submitted, or soon to be submitted elsewhere. Authors should adhere to the following guidelines; manuscripts not so prepared may be returned for revision.

CONSULT THE MOST RECENT ISSUE of this journal for general style and format. Also refer to the CBE Style Manual, 5th edition (Council of Biology Editors, 9050 Rockville Pike, Bethesda, MD 20814 USA; $24).

TYPE AND DOUBLE SPACE all materials, including literature cited, table headings, and figure legends. Avoid hyphenated words at right-hand margins. Underline words to be printed in italics. Use standard bond (22 × 28 cm), leaving 2.5-cm margins on all sides.

SUBMIT 3 COPIES of the manuscript. Number all pages and assemble each copy separately: title page, abstract and key words, text, acknowledgments, literature cited, appendices, tables, figure legends, figures.

TITLE PAGE includes an informative title no longer than 15 words, names and addresses of authors, a running head of fewer than 40 letters and spaces, footnotes to indicate change of address and author to whom correspondence should be addressed if other than the first author.

ABSTRACT states the purpose, methods, results, and conclusions of the research. It is followed by 6–12 key words, listed in order of decreasing importance, to be used for indexing.

TEXT has centered main headings printed in all capital letters; second-level headings are centered in upper- and lower-case letters; third-level headings begin paragraphs.

VOUCHER SPECIMENS. Authors are encouraged to designate, properly prepare, label, and deposit high-quality voucher specimens and cultures documenting their research in an established permanent collection, and to cite the repository in publication.

REFERENCES IN THE TEXT are cited by author and date: e.g., Martin (1989) or (Martin 1989). Multiple citations should be separated by commas and listed in chronological order. Use "et al." after name of first author for citations having more than two authors.

ACKNOWLEDGMENTS, under a centered main heading, include special publication numbers when appropriate.

LITERATURE CITED, also under a centered main heading, lists references alphabetically in the following formats:

TABLES are double spaced on separate sheets and designed to fit the width of either a single column or a page. Use lower-case letters to indicate footnotes.

PHOTOCOPIES OF FIGURES are submitted initially with the manuscript; editors may suggest changes. Lettering on figures should be large enough to withstand reduction to one- or two-column width. Originals must be no larger than 22 × 28 cm.

NOTES. If your manuscript would be more appropriate as a short communication or note, follow the above instructions but do not include an abstract.

A CHARGE of $45 per page is made for articles published; the rate for subscribers will be $40 per page. However, manuscripts with complex tables and/or numerous half-tones will be assessed an additional charge. Reprints may be purchased at the time of publication (an order form is sent with the proofs).

FINAL CHECK:
• Cover letter explains any duplication of information and provides phone number(s)
• 3 copies of the manuscript
• Conformity with instructions
• Photocopies of illustrations
