INFORMATION FOR AUTHORS

The Great Basin Naturalist welcomes previously unpublished manuscripts pertaining to the biological
natural history of western North America. Preference will be given to concise manuscripts of up to
12,000 words.

MANUSCRIPTS SHOULD BE SUBMITTED to James R.
Barnes, Editor, Great Basin Naturalist, 290
MLBM, Brigham Young University, Provo, Utah
84602. A cover letter accompanying the manuscript
must include phone number(s) of the author
submitting the manuscript; it must also provide
information describing the extent to which data,
text, or illustrations have been used in other papers
or books that are published, in press, submitted, or
soon to be submitted elsewhere. Authors should
adhere to the following guidelines; manuscripts not
so prepared may be returned for revision.

CONSULT THE MOST RECENT ISSUE of this journal
for general style and format. Also refer to the CBE
Style Manual, 5th edition (Council of Biology Edi-
tors, 9650 Rockville Pike, Bethesda, MD 20814
USA; $24).

TYPE AND DOUBLE SPACE all materials, including
literature cited, table headings, and figure legends.
Avoid hyphenated words at right-hand margins.
Underline words to be printed in italics. Use stan-
dard bond (22 × 28 cm), leaving 2.5-cm margins on
all sides.

SUBMIT 3 COPIES of the manuscript. Number all
pages and assemble each copy separately: title
page, abstract and key words, text, acknowledg-
ments, literature cited, appendices, tables, figure
legends, figures.

TITLE PAGE includes an informative title no lon-
ger than 15 words, names and addresses of authors,
a running head of fewer than 40 letters and spaces,
footnotes to indicate change of address and author
to whom correspondence should be addressed if
other than the first author.

ABSTRACT states the purpose, methods, results,
and conclusions of the research. It is followed by
6–12 key words, listed in order of decreasing im-
portance, to be used for indexing.

TEXT has centered main headings printed in all
capital letters; second-level headings are centered
in upper- and lower-case letters; third-level head-
ings begin paragraphs.

VOUCHER SPECIMENS. Authors are encouraged to
designate, properly prepare, label, and deposit
high-quality voucher specimens and cultures docu-
menting their research in an established perma-
nent collection, and to cite the repository in publi-
cation.

REFERENCES IN THE TEXT are cited by author and
date: e.g., Martin (1989) or (Martin 1989). Multiple
citations should be separated by commas and listed
in chronological order. Use “et al.” after name of
first author for citations having more than two au-
thors.

ACKNOWLEDGMENTS, under a centered main
heading, include special publication numbers
when appropriate.

LITERATURE CITED, also under a centered main
heading, lists references alphabetically in the fol-
lowing formats:

relationships of waterfowl broods on South Da-
kaota stock ponds. Journal of Wildlife
Management 44: 695–700.

Sousa, W. P. 1985. Disturbance and patch dynam-
ics on rocky intertidal shores. Pages 101–124
in S. T. A. Pickett and P. S. White, eds., The
ecology of natural disturbance and patch dy-

entomology: ecology and management. John

TABLES are double spaced on separate sheets and
designed to fit the width of either a single column
or a page. Use lower-case letters to indicate foot-
notes.

PHOTOCOPIES OF FIGURES are submitted ini-
tially with the manuscript; editors may suggest
changes. Lettering on figures should be large
enough to withstand reduction to one- or two-
column width. Originals must be no larger than
22 × 28 cm.

NOTES. If your manuscript would be more ap-
propriate as a short communication or note, follow
the above instructions but do not include an ab-
stract.

A CHARGE of $45 per page is made for articles
published; the rate for subscribers will be $40 per
page. However, manuscripts with complex tables
and/or numerous half-tones will be assessed an
additional charge. Reprints may be purchased at
the time of publication (an order form is sent with
the proofs).

FINAL CHECK:
• Cover letter explains any duplication of infor-
mation and provides phone number(s)
• 3 copies of the manuscript
• Conformity with instructions
• Photocopies of illustrations
