An Inventory of the McCormick Korean Collection

In preparing this inventory, I generally adopted the headings established in Fang Chaoying's *The Asami Library: A Descriptive Catalogue*. Fang's classification scheme is based on that of the 1932 revised edition of the *Chōsen tosho kaidai*. Sixty-nine texts and one rubbing, or approximately 54% of the McCormick Korean Collection (MKC), are found in the Asami Library as well. In some cases, the editions are identical. The format of Fang's entries has also served as a model for those below [see below]. What commentary I include is necessarily brief. I do indicate whether seals and/or owner's notes in pencil or ink are in evidence. Additionally, I cite pertinent bibliographic references from the following works:

A  *The Asami Library* of Fang Chaoying

ARB  * Asiatic Research Bulletin*

C  Courant's *Bibliographie coréene*

Cho  Cho Sang-wŏn's *Han'guk Ŭi myŏngjŏ*

K  *Kyujanggak* catalogue

M  Maema Kyōsaku's *Kosen suppu*

R  Rutt 1972:357 ff., "Books Used by Gale in Compiling *The History of the Korean People*"

Three supplements follow the inventory. The first is a copy of the form I devised for collecting data on the MKC, inspired in part by the entries in the *Kyujanggak* catalogue. The second is entitled "A Chronological Distribution Table of Texts in the McCormick Korean Collection" and the third, "A Chronological List of Type-fonts Exemplified in the McCormick Korean Collection." My identifications of type-fonts are drawn largely from the research of Fang 1969, Sohn 1971 and 1976, and should be regarded at best as only tentative suggestions, subject to correction. I welcome amendments and encourage anyone interested in working further with this collection to address inquiries to me c/o Professor Wm. G. Boltz, Dept. of Asian Languages DO-21, University of Washington, Seattle, WA 98195.

I am grateful to Ms. Yoon-whan Choe, Korea Librarian of the East Asia Library at the University of Washington, for making a number of corrections in the citations.

[Editor's note: This is the continuation of Judith M. Boltz's article on the McCormick Korean Collection which appeared in *CEAL Bulletin* 77/78, pp. 25-38. That first part contains the body of the article, notes and a list of sources used.]
