INTRODUCTION

The Mormon Bibliography 1991 is a selective bibliography of publications about Mormons and Mormonism. It is selective because, although every attempt was made to include all aspects of Mormonism, we have excluded some types of items. Specifically, we excluded all newspaper articles and articles published in the official magazines of The Church of Jesus Christ of Latter-day Saints; these are well indexed by the Church itself. We have, however, retained and listed in the Arts and Literature section of the bibliography the individual poems, short stories, etc., from these official magazines.

In the Arts and Literature section, we have included every item pertaining to this category, except critical essays, which is written by a Mormon author, regardless of the content. The other sections include only articles and books written by Mormon authors with a specific Mormon focus and theme.

As with any bibliography, of course, we constantly fear not knowing of a publication and therefore leaving it out. If readers know of publications that should have been included in this Mormon Bibliography, please contact Ellen Copley or Scott Duvall in the Department of Special Collections of the Harold B. Lee Library at BYU. We will include those publications in the 1992 Mormon Bibliography.

This bibliography is broadly organized into the following sections: List of Abbreviations, Arts and Literature, Bibliography, Biography and Autobiography, Contemporary Issues, Doctrine and Scripture, History, and Inspiration. The works are listed alphabetically by author within each section.

Ellen M. Copley is Special Collections and Manuscripts Department Assistant, Harold B. Lee Library, Brigham Young University. Ellen gratefully acknowledges the assistance of Scott Duvall and the BYU Studies staff.
