Instructions:

To effectively use this template's design, please use the Styles gallery on the Home tab. In selecting styles for the title, headings, body paragraphs, and references please use the styles created by iEMSs, each of which is marked with "iEMSs." Each of these styles is formatted to fulfill the submission guidelines found on

<http://scholarsarchive.byu.edu/iemssconference/submissionguidelines.html>.

Please proofread your paper and ensure that it is meeting the submission guidelines and American English usage guidelines before submitting.

Example sections are given here with replaceable filler text. A guide for the Software Availability section as well as example references from the AGU style guide are provided at the end of the template.

Please do not change the template by removing the continuous line numbers, changing the font type or size, or by making any other changes that are not in accordance with the submission guidelines. This template, including font and line numbers, is formatted to facilitate review. Any changes to formatting made (except for the insertion of tables, figures, and charts) will result in the submission being returned to you for revision before being submitted for review.

Comment [OWEA2]:

Comment [OWEA5]: Section Headings:

Please number each section and indicate the hierarchy of sections and subsections by marking through a numerical sequence (for example: 1.0 Introduction, 1.1 Background, 2.0 Methods, 2.1, 2.2, 2.3, etc.)

Please use the style marked "OW Headers" in the Styles gallery on the Home tab to format each header.

Comment [OWEA6]: Include all figures and tables in line with the main text of the your article. Captions should follow immediately after each figure. Begin them with an overall description of the figure. Use lower case letters (a, b, c...) to indicate parts of the figure. Include the citation for each figure at the end of the caption, rather than at the end of the paper. Each figure should be numbered consecutively with Arabic numerals.

Comment [OWEA7]: Table titles should come before each table. The title should use title capitalization and the tables should be numbered consecutively with Arabic numerals.
